

**Course Title:**

Infection Control

**Duration:**

½ day

**Accreditation:**

Delegates will receive a Taylors Academy certificate of competence

**Who will benefit?**

Staff, care workers and senior care workers in health and social care sector.

**Aim:**

To have a good understanding of how infection is caused, spread and can be prevented in a Care related environment.

**Learning Outcomes:**

By the end of the course the delegate will be able to:

- state the legislation that governs infection
- identify the risks associated with infection
- define what infection is and how it is caused
- recognise when infection is present
- be aware of how infection may be spread
- state ways to prevent the spread of infection
- explain why organisational policies and procedures are important

**Delivery Method**

This programme can be delivered via e-learning, workbook or classroom based tuition.

**What next:**

Delegates should consider enrolling on other mandatory programmes recommended by the 'Skills for Care', the Level 2 Diploma in Health and Social Care or the Level 2 Apprenticeship in Health and Social Care. Please contact Taylors Academy on 01726 884402 for more information.
