

Course Title:

Dementia Awareness

Duration:

½ (classroom delivery)

Accreditation:

Delegates will receive a Taylors Academy certificate of competence

Who will benefit?

Staff, care workers and senior care workers in health and social care sector.

Aim:

The aim of this course is to enable learners to gain knowledge of what dementia is, the different forms of dementia and how others can have an impact on the individual with dementia.

Learning Outcomes:

By the end of the course the delegate will be able to:

- Explain what is meant by the term 'Dementia'
- Describe the key functions of the brain.
- Outline the medical and social model of dementia
- List the most common causes of dementia
- Outline the likely signs and symptoms of the most common causes of dementia
- Describe how different individuals may experience living with dementia depending on age, type of dementia and level of ability and disability
- Outline the impact that the attitudes and behaviours of others may have on an individual with dementia

Delivery Method

This course is delivered in a ½ day classroom based session

What next:

Delegates should consider enrolling on other mandatory programmes recommended by the 'Skills for Care', the Level 2 Diploma in Health and Social Care or the Level 2 Apprenticeship in Health and Social Care. Please contact Taylors Academy on 01726 884402 for more information.
